Chapter -3
Designing Simple Website Using KompoZer
----

1. ……………plays a very important role in a business now-a-days.
   a) **Website**　　b) webpage　　c) Web browser　　d) Web host

2. …………….is a collection of interlinked web pages for a specific purpose.
   a) **Website**　　b) webpage　　c) Web browser　　d) Web host

3. …………defines what we want to achieve by developing a website.
   a)Objective　　b) **Goal**　　c) Planning　　d) Target

4. Once by knowing the reason for developing a website, you must decide …….of the website.
   a)Objective　　b) Goal　　c) Planning　　d) **Target**

5. ……….means for whom the website is to be developed.
   a)Objective　　b) Goal　　c) Planning　　d) **Target audience**

6. From the following which is important for content of a webpage?
   a) Text and graphics for website　　b) Content as per visitor's requirements
   c) Too short or too long content　　d) **All of these**

7. Who provides trial version of the software for free download?
   a) Editor　　b) **Vendor**　　c) Visitor　　d) None

8. The visual diagram of the website is known as ………………
   a) **Site Map**　　b) Image Map　　c) Site Editor　　d) Site Browser

9. The website should contain should be classified into ………….categories.
   a) General　　b) Detailed　　c) Simple　　d) **Both a and b**

10. What is the first step for planning a website?
    a) Homepage　　b) Target audience
    c) **Objective and Goal**　　d) Browser compatibility

11. The website must contain …………………information.
    a) Complete　　b) relevant　　c) incomplete　　d) **Both a and b**

12. What is the key point of a website?
    a) **Content**　　b) Homepage
    c) Objective and Goal　　d) Browser Compatibility

13. Which type of content provides an overview of the site, organization, products and services?
    a) Complete　　b) relevant　　c) Detailed　　d) **General**

14. Which type of content provides users with detail information on the site like products and services description?
a) Complete   b) relevant   c) **Detailed**   d) General

15. What is a valuable tool for business and other organizations when composed of the right content?
a) Webpage   b) Web server   c) Website   d) Webhost

16. Which menu option is used to insert table in web page?
a) Insert → Table   b) Edit → Table
c) Table → Insert → Table   d) **Both a and c**

17. The default file name of webpage is ....when user type a URL without the filename?
a) index   b) **index.html**   c) file.html   d) new.html

18. ....option is used to specify gap between cells of table in Kompozer?
a) **Spacing**   b) Padding   c) Gapping   d) Size

19. From the following which tabs are available in "Insert Table" dialog box?
a) Quickly   b) Precisely   c) Cell   d) **All of these**

20. .... properties option is used to change the background color to the inserted table?
a) **Table Cell**   b) Page color   c) text color   d) Background

21. Which menu option is used to publish website which created in Kompozer?
a) **File → Publish**   b) Edit → Publish
c) Tools → Publish   d) Format → Publish

22. In table property, which of the following is used to specify the gap between cell border and content?
a) Spacing   b) **Padding**   c) Border   d) Caption

23. Which of the following statements are true related to website designing?
i) The website must contain complete and relevant information.
ii) The website contents are in detailed.
iii)The website design should scale for all devices.
iv) Expected users are least important.
v) Design the complex navigation for website.
a) i, ii & v   b) ii, iii & v   c) i & iii   d) **i, ii & iii**

24. Publishing server details are provided by .... or web host where we have purchase the space.
a) Proxy Server   b) **ISP**   c) URL   d) FTP

25. Which lable is used to give caption to table from the table properties dialog box?
a) **caption**   b) name   c) title   d) file

26. In table height and width can be specified in ....of the window.
a)only pixels   b) only %   c) **pixels or %   of the window** d)
points

27. Which menu option is used to insert an image on a web page ?
a) **Insert → Image**   b) Edit → Image   c) Format → Image   d) Image

28. Which menu option is used to insert a horizontal line on a webpage?
a) **Insert → Horizontal Line**   b) Edit→ Horizontal
c) Insert → Horizontal   d) File → Horizontal line

29. In KompoZer, if user wants to change the page title then which option is used?
a) **Format → Page Title and Properties**
b) Insert → Page Title and Properties
c) Inset → page title   d) Edit → Page Title and Properties

31. Which Menu option is used to change the suitable color to the text in Kompozer?
a) **Format → Text color**   b) Format → font color
c) Insert → Font color   d) Font →color

32. In Java Script each of the details are separated with which delimiter?
a) **"," (comma)**   b) ";" (semicolon)   c) ;   d) *

32. In Java Script individual products description is separated with which delimiter?
a) **":" (colon)**   b) "," (comma)   c) ;   d) *

33. Java Script can manipulate cookies using the ....property of the document
object.
a) **cookie**   b) variable   c) function   d) css

55. Cookies can be ....
a)read, created   b) modified   c) deleted   d) **All of these**

56. To convert the data into number by using function ....
a) parseFloat()   b) parseInt()   c) NaN()   d) **Both a and b**

57. Which protocol is used to transfer the web pages from our computer to web host?
a) **FTP**   b) HTTP   c) ASP   d) HTML

58. Which web development tool provides language support for HTML, CSS,
JavaScript, Ruby, Rails PHP etc?
a) BlueGriffon   b) **Aptana studio**   c) Amaya   d) W3C

59. Which web development tool support languages like English, Dutch, German,
Chinese etc.
a) Aptana studio   b) **BlueGriffon**   c) Amaya   d) W3C

60. Which is free open source WYSIWYG HTML editor?
a) Aptana studio   b) **BlueGriffon**   c) Amaya   d) W3C

61. Which is powerful open source IDE for building web applications?
a) **Aptana studio**   b) BlueGriffon   c) Amaya   d) W3C

62. Which is free open source WYSIWUG web editor developed by the World Wide Web Consortium (w3c)?
a) Aptana studio   b) BlueGriffon   c) **Amaya**   d) W3C

63. Which web editor was initially started as an **HTML / CSS** editor and has now grown into an editor for many XML – based system.
a) Aptana studio   b) BlueGriffon   c) **Amaya**   d) W3C

64. What means, the transferring the site, i.e. the pages, images and stylesheet, to a web server from where they can be accessed by the users?
a) **Publishing a website**   b) Downloading a website
c) uploading website   d) None

65. Which table tab shows the number of rows, columns and height and width of the table.
a) General   b) **Size**   c) alignment   d) caption

66. Which of the following tab is used to change the height and the width of the image from the Image properties dialog box?
a) Location   b) **Dimensions**   c) Appearance   d) Link

67. Which menu option is used to give the link on the image or the text in a webpage?
a) **Insert → Link**   b) Edit → Link   c) Format → Link   d) Tools → link

68. From the following which are the other free open source web development IDE s/w?
a) Aptana studio   b) Blue Griffon   c) Amaya   d) **All of these**

69. Which of the following statements are true related to website designing?
i) The website must contain complete and relevant information.
ii) The website contents are in detailed.
iii) The website design should scale for all devices.
iv) Expected users are least important.
v) Design the complex navigation for website.
a) i, ii & v   b) ii, iii & v   c) i & iii   **d) i, ii & iii**

70. Which of the following tabs are viewed when user insert table in Kompozer?
a) Quickly, Pure, Cell   b) **Quickly, Precisely, Cell**
c) Quickly, Private, Cell   d) Quickly, Prefect, Cell

Text book Exercise

1. Which of the following helps in promoting the business, selling the products and attracting a large number of customers?
   a)**Website**   b) Webpage   c) Form   d) CSS

2. Which of the following is not an important point to be considered for developing a good website as part of planning process?
   a) Purpose   b) Audience   c) Content   d) **Input**

3. Which of the following information should a website contain?
   a) **Complete, Relevant**   b) Complete, Irrelevant
   c) Incomplete, Irrelevant   d) Incomplete, Relevant

4. Which of the following content provides an overview of the site, organization, products and services, and other items?
   a) Detailed   b) Long   c) **General**   d) Short

5. Which of the following is a collection of interlinked web pages?
   a) Webpage   b) Form   c) Kompozer   d) **Website**

6. Which of the following is the first page that opens when the user enters the URL address bar of the browser?
   a) **Home page**   b) Last page   c) Webpage   d) First page

7. Which of the following file name is the home page file name of the website saved as?
   a) First.html   b) **index.html**   c) home.html   d) one.html

8. Which of the following is a variable that is stored on the user's computer?
   a)Integer   b) HTML   c) **cookie**   d) Java

9. Which of the following stands for ....
   a) File Truncate Protocol   b) File Transfer Process
   c) Fine Tune Protocol   d) **File Transfer Protocol**

Full forms:-

1) ISP - Internet Service Provider
2) URL – Universal Resource Locator
3) IDE – Integrated Development Environment
4) FTP – File Transfer Protocol
5) W3C – World Wide Web Consortium
6) XML – Extensible Markup Language
